

Green Team planning awareness day on July 10

PORT AU CHOIX — The Hydro/Limestone Barrens Habitat Stewardship Project Green Team is preparing to hold its first environmental awareness day on July 10.

The event will be held at the Port au Choix Heritage Centre at 2 p.m. It's designed to promote awareness of

climate change and global warming. There will be fun and games for kids of all ages.

Tyler Caines, a member of the Port au Choix Green Team says environmental awareness days "help youth become more aware of the environmental changes in our area."
