

Fun events planned by Green Team

PORT AU CHOIX – The local Green Team is partnering with Parks and Recreation on Wednesday, Aug. 2 for a day of fun-filled activities.

There will be a presentation about species at risk, as well as a Healthy Active Living presentation. If the weather is suitable, activities will take place at the Port au Choix softball field, starting at 1 p.m. If it rains, everyone will meet in the basement of the Women's Institute.

Organizers are urging children and youths to “come out and have some fun – we hope to see you there.”

The Green Team program has been operating in the province since 1993. There are a total of 25 projects throughout Newfoundland and Labrador this summer. The program has employed more than 1,400 young people in the completion of some 300 projects in more than 100 communities.
