

Port au Choix Green Team to host Miss Limestone Barrens Pageant

The Port au Choix Green Team is hosting a Miss Limestone Barrens Pageant on Aug. 15. The pageant will be open to children Grades 4-8. It will be held at the Lions Club and starts at 7 p.m. There will be three segments – casual wear, evening wear and an environmental outfit provided by the Green Team. Team

member, Krista Reid says the pageant will give youth a good opportunity to learn about the Limestone Barrens and species at risk – while having fun at the same time. Anyone interested in participating can call the team at 861-3409 or contact any member of the Green Team. Refreshments will be served.

The Green Team program has been operating in the province since 1993. This summer, there are a total of 25 projects throughout Newfoundland and Labrador. It has employed more than 1,400 young people in the completion of upwards of 300 projects in over 100 communities across the province.
